MIN 4 WEEK HIRE

Mains powered 24'x9', 4+2 combination features six non-chemical fully flushing toilets - which only use a very economical one pint of water per flush – and two urinals.

In line with current CDM regulations, both the female and male units have forearm sinks with hot and cold running water, integral waste and water tanks.

KEY FEATURES:

- Mains powered
- High level windows
- Anti-vandal construction with multi-locking doors
- Forearm sinks & fully flushing toilets
- Separate male and female facilities
- PIR lighting

OPTIONAL EXTRAS AVAILABLE

- External water tank / Bowser
- External waste tank
- On demand pumps
- Generator
- Steps
